School Year: 2021-2022

WHY A PARENT COUNCIL?

Purpose

All schools in the Ottawa-Carleton District School Board (OCDSB) should have an advisory school council to help increase communication between schools and their communities. Council is an important link between parents and the school community.

Objectives

Build a sense of community, enhance the home school relationship, provide advice and comment on many aspects of the overall school “life” such as school year calendar, priorities, achievement, school and principal profile. Secondary school councils should have at least eleven members though they can run with less if they are unable to fill all positions.

Parent Roles

Chair - lead the meetings between parents and school. Provide feedback to school where required. Act as a liaison for parents.

Secretary - take minutes of meetings and provide support to chair as required.

OCASC representative - represent our council on the council of school councils and to bring issues and ideas to the greater community and to bring ideas back to our council.

Members at Large - we need you to help guide our school team and provide feedback and input into the parent council for spending and direction.
