						MPM2D.-07	Wright	P7	2								
						SNC2P.-02	Faulkner-Rip	214	1.5								

Student Responsibility: It is the responsibility of students to know the date and room location for their exams and to ensure that they are present for each exam they are required to write.

Length of exams: All grade 9 and 10 exams are set to allow completion for the majority of students in 1.5 hours, except the MPM2D math exam which is 2 hours. All grade 11 and 12 exams (except MBF3C-01) are set for 2 hours.

Accommodations: This exam schedule acknowledges individual differences and that high stakes summative assessments need to be flexible. All students are therefore provided time and a half to complete exams. For students who have an IEP, other accommodations may be necessary and will be addressed on an individual basis. Students with an IEP should consult the Special Education Office for confirmation review of accommodations and room location of exam.

Final evaluations are compulsory: All students must write their final exams (refer to the OCDSB Secondary Educator's Resource Guide for Assessment, Evaluation and Reporting of Student Achievement). For students missing an exam due to illness, a medical certificate must be presented to the Vice-Principal and the exam may have to be written at a later date.

Postponement of Exams: Should exams be postponed because of inclement weather, heating/cooling system or electrical breakdown, etc., the "bump and slide" principle will apply: each day's exams will be written 1 day later than originally scheduled. Should this occur, students are expected to be available to write their exams.

Last Day to submit Term Work: June 18, 2019 is the last day students can submit any outstanding term work for their semester 1 courses.

June 2019 Revised April 15, 2019
